REMARKS

The Amendment and arguments as presented herein are in addition to and furtherance of the amendments and arguments presented in the Office Action response of November 30, 2010.

Claim Status

Claims 1, 11, and 72 are amended. The application is currently presented with claims 1-3, 5-11, 28, 27, 73, 85, and 86.

Interview Summary

The applicants thank the Examiner for his time in conducting an Examiner-initiated telephonic interview with the applicants' undersigned representative on February 8, 2011. In that telephone interview, the Examiner indicated that the amendments and arguments submitted in the response of November 30, 2010 successfully overcame the rejections found in the Office Action of August 31, 2010. In updating his search, the Examiner identified potential relevant references and indicated in the interview that clarifying amendments to the claims would distinguish the claims over these newly identified references. The amendments submitted herein are a result from the discussions with the Examiner.

Conclusion

By the present amendments, the application is believed to be in a condition for allowance with claims 1-3, 5-11, 28, 72, 73, 85, and 86. The Examiner is urged to contact the applicants' undersigned representative directly should any further issues arise with this application, such that they may be expeditiously addressed.

Respectfully submitted,
